Trucker Tools - How to use the Automated Tracking Reminder Messages

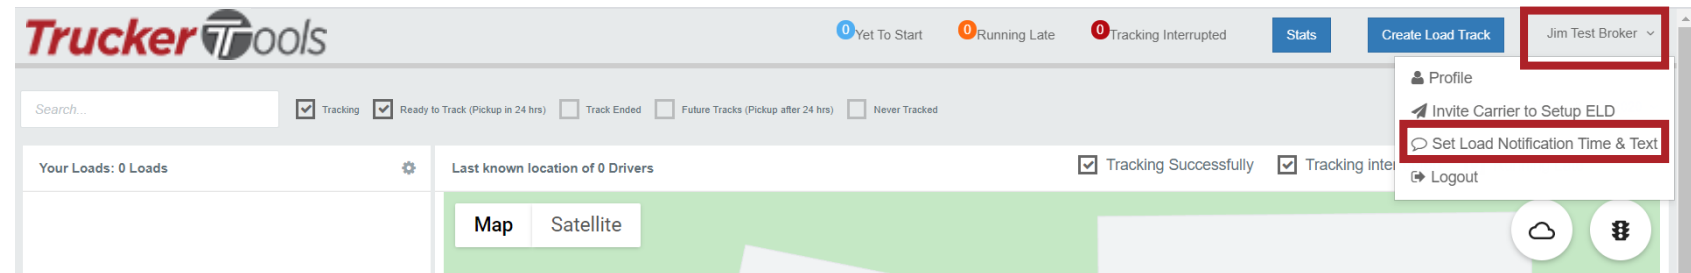

**Operations Team
Trucker Tools**

not for distribution

Automated Tracking Reminder Messages

Step 1:

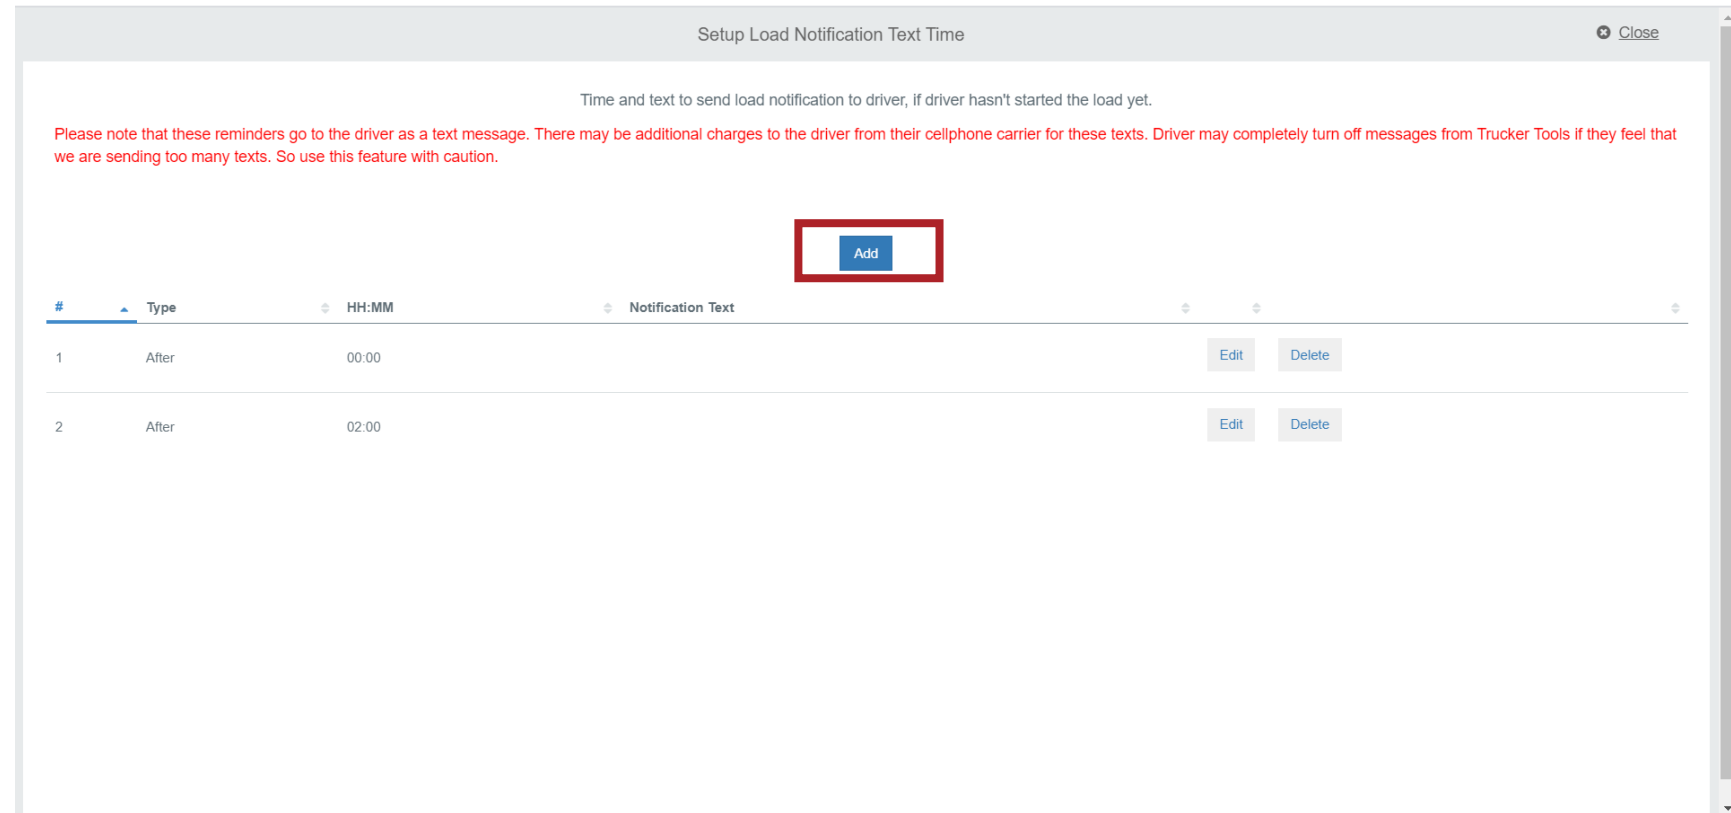

- Select the menu in the upper right corner
- Select “Set Load Notification Time & Text”

Automated Tracking Reminder Messages

Step 2:

- View previously saved messages and notifications
- To add a new notification, select “Add”

Setup Load Notification Text Time Close

Time and text to send load notification to driver, if driver hasn't started the load yet.

Please note that these reminders go to the driver as a text message. There may be additional charges to the driver from their cellphone carrier for these texts. Driver may completely turn off messages from Trucker Tools if they feel that we are sending too many texts. So use this feature with caution.

Add

#	Type	HH:MM	Notification Text		
1	After	00:00		Edit	Delete
2	After	02:00		Edit	Delete

Automated Tracking Reminder Messages

Step 3:

- Choose to send the notification before or after the start time
- Select the number of hours before or after the start time you want the driver to receive a notification
- Add your custom message, then select “Save”

Setup Load Notification Text Time Close

Time and text to send load notification to driver, if driver hasn't started the load yet.

Please note that these reminders go to the driver as a text message. There may be additional charges to the driver from their cellphone carrier for these texts. Driver may completely turn off messages from Trucker Tools if they feel that we are sending too many texts. So use this feature with caution.
